Clik-Clik™

Safely Install Ceiling Displays

Suspend Signs Safely, Quickly and Easily with **CLiK-CLiK**

The unique Clik-Clik Magnetic Hanging System eliminates the need to climb a ladder or rent a lifting device, making ceiling installations and retrievals easier, faster and safer. The system utilizes a telescoping MagPole, sturdy MagMover, strong neodymium ClikMagnets, and our patented LoopLine cord to quickly hang items from challenging ceiling heights.

Create your own custom system á La cart, or select a value-priced Starter Kit (ranging from \$110 to \$310) that contain everything you need to start hanging safely — while your feet never leave the ground. With quality design features and functionality, the Clik-Clik system provides the best integrated solution in the industry.

1. Choose a MagPole™

Aluminum and fiberglass MagPoles are durable, lightweight, sturdy and maneuverable. Each MagPole features telescoping push-button sections that lock into place.

- A) **OneButton MagPole**
10-11702
(extends to 8ft for ceilings up to 14ft)
- B) **MagPole**
10-18000
(extends to 18ft for ceilings up to 23ft)
- C) **Monster MagPole**
10-18023
(extends to 23ft for ceilings up to 27ft)

2. Select a MagMover™

Our patented MagMovers quickly and easily transport and retrieve ClikMagnets from the ceiling. Available in four configurations:

- A) **Single MagMover**
10-94290
(for one attachment point)
- B) **6-inch Dual MagMover**
10-10402
(for two attachment points)
- C) **24-inch Dual MagMover** (not shown)
10-10242
(for two attachment points)
- D) **16-inch Multi-MagMover**
10-10406
(for upto six attachment points)

3. Add Bags of ClikMagnets™

Powerful neodymium magnets connect to any metal surface including drop and open-beam ceilings. Durable plastic coating prevents scratching and a center ring allows for easy attachment of signs or other decor. Available in four magnetic-pull strengths.

- A) **Mini ClikMagnet** (up to 3lb)
10-93503
(Silver)
- B) **Regular ClikMagnet** (up to 5lb)
10-94300 10-94299
(Black) (White)
- C) **Super ClikMagnet** (up to 10lb)
10-95288 10-95277
(Black) (White)
- D) **Round Red ClikMagnet** (up to 20lb)
10-95600
(White)

4. Include Spools of LoopLine™

Signs always hang level with this timesaving, reusable, and cost-effective product. Configured with repeating 2-inch loops, patented LoopLine connects ClikMagnets to hanging elements with a simple cow-hitch - no knots to tie. LoopLine is available in a variety of colors, lengths and tensile strengths (TS).

- A) **Black** (25lb TS)
10-70144 10-70124
(82-ft spool) (328-ft spool)
- B) **White** (25lb TS)
10-70133 10-70123
(82-ft spool) (328-ft spool)
- C) **Clear** (25lb TS)
10-70166 10-70126
(82-ft spool) (328-ft spool)
- D) **Light White** (5lb TS)
10-70155
(328-ft spool)
